

POLAR™ POLYMERIC

The Smart Choice for SELF-ADHESIVE VINYL

Polar™ Polymeric is a 3.2 mil (80μ) premium polymeric self-adhesive PVC film with a high quality, gray acrylic adhesive. With both permanent and removable adhesive options, Polar™ Polymeric maximizes adhesive performance on a wide variety of substrates.

The high opacity of Polar™ Polymeric provides a consistent printing surface and offers a superb white point. Polar™ Polymeric also offers excellent indoor and outdoor durability. The permanent version has a lifespan of 3+ years, and the removable version is recommended for short-term applications.

This versatile self-adhesive vinyl is compatible with (eco) solvent, UV and latex wide-format inkjet printers. Available in widths up to 60" (1524mm).

VARIED OPTIONS

Available in matte and gloss finishes with both permanent and removable adhesives.

PERMANENT ADHESIVE:

Polar™ Poly Gloss P
Polar™ Poly Matte P

REMOVABLE ADHESIVE:

Polar™ Poly Gloss R
Polar™ Poly Matte R

TYPICAL APPLICATIONS

- General purpose signage for interior and exterior applications
- Graphics for advertising and POP displays
- Construction barricade applications
